RE: Dominion Energy South Carolina, Inc.'s (f/k/a South Carolina Electric &
Gas Company's) Quarterly Financial Report
Docket No. 2006-286-EG

Dear Ms. Boyd:

By letter dated March 17, 2020, Dominion Energy South Carolina, Inc. ("DESC" or "Company") requested that the Public Service Commission of South Carolina ("Commission") issue an order eliminating the 1974 requirement that DESC include within its quarterly reports earnings per share of common stock and its debt coverage ratio of earnings to fixed charges.

On May 1, 2020, the Commission issued its Utilities Agenda for the week of May 4, 2020, which stated that the Commission Staff would present the Company's request to the Commission for consideration on May 6, 2020. *See* Utilities Agenda Item No. 10.

On May 5, 2020, and less than 24 hours before the Commission agenda meeting, the South Carolina Office of Regulatory Staff ("ORS") filed a letter opposing DESC's request. In light of ORS's opposition to the Company's request to eliminate a reporting requirement that may confuse users of the Company's quarterly report and another reporting requirement that the United States Securities and Exchange Commission no longer requires, DESC respectfully request that the Commission carry-over this matter so that DESC may be provided with an adequate opportunity to respond to ORS's May 5, 2020 letter. In the event that the Commission denies DESC's request to carry-over this matter, then the Company respectfully requests that the Commission reject ORS's recommendation and grant the relief requested by the Company in its March 17 letter.
